**RE: BRONZE BUST OF MAMMA LENA**

Dear Tony,

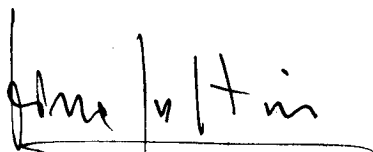

Please be advised that the group "**La Famiglia di Blacktown**" is organizing a very special event for Sunday 12 July (12 noon) at the CONCA D'ORO at Riverwood to celebrate the 84th birthday of **Mamma Lena**, who, for the last 40 years, has dedicated herself to the benefit of the Italian community.

The occasion will be filled with special events. One of these will be presentation to Mamma Lena of a Bronze Bust of herself. The bust by the Australian sculptor **TERRANCE PLOWRIGHT** - is in recognition of Mamma Lena's social work for the community. The bust will then be permanently exhibited in a public place for all to see. At the base of the bust there will be all the names of those who have contributed \$500 or more to the realization of this project.

I take the liberty of asking you to contribute to the cost of the bust so that your name and the name of the **MARCONI CLUB** can be added to the list of sponsors. In addition, I wish to let you know that I am writing another book on the life of Mamma Lena covering the years 1988-1998. This will follow the previous book - "**70 Anni di Ricordi in due Mendi**".

I would also like to invite you to the event on the 12th July. Complimentary tickets will be sent to you as soon as they are ready.

I thank you for your kind attention and look forward to your contribution.

  
Dino Gustin
