Dear Mr Gustin

Thank you for your letter of February 3 1998. I much appreciate your contribution to the 'Welcome Wall' project and the interest you show in the forthcoming exhibition, 'Tears, Fears and Cheers'.

I have sought advice on the wording of your inscription and have been informed, on the basis of consistency, that the preferred wording should be:

**GUSTIN Mamma Lena, Dino and family**

I should mention two points here. Firstly, it was decided to list surnames before other names in order to assist in cross referencing and searching for more details on particular inscriptions via the Museum database and the internet. Secondly, in order to provide the people of Australia with equal ownership of the 'Welcome Wall', it was agreed that no honorariums or titles be part of the Wall inscriptions. That is, no Sir, Dr, Mrs, Mr and so on before names and no JP, AO, AC and so on after names. Of course, you are perfectly able to include such achievements and details in the database notes that accompany the inscription.

I hope these points explain the reason for the suggested inscription noted above. If you would like to further adjust your inscription or discuss any issues further, then please do not hesitate to contact me on my direct line 9552 7567 (Mondays and Tuesdays only).

Kind Regards

Christopher Wynton
