

NEW SOUTH WALES MID-DECADE STEERING COMMITTEE

Postal Address: G.P.O. Box 2626
SYDNEY 2001

February 4, 1980.

Dear Delegate,

On behalf of the Steering Committee we would like to thank you for attending the New South Wales Mid-Decade State Convention.

We enclose a copy of the resolutions passed at the Convention and hope that you will act upon them in your own organisations and communities. While we believe the Convention focussed attention on discrimination which still exists, we do not believe that restating the position will necessarily remove that discrimination. Hence our request that you use this material to the best advantage in your local community.

These resolutions and the spirit of them will be presented at the Federal Conference in Canberra in March.

The New South Wales delegation to Canberra will include the following women:

Margaret Rosenthal)	National Women's Advisory Council
Wendy McCarthy)	
Lena Gustin)

The Steering Committee has also recommended to the National Women's Advisory Council that a certain number of New South Wales women be included as delegates - at-large and observers. Decisions on these will be made at the National Women's Advisory Council meeting in Mid-February.

Thank you for your participation and co-operation - it's good to know we are going into the 80's together.

Yours sincerely,
