The reunion of the class of 1926 was celebrated on Saturday 25th July last. The get together is organised annually by Angelo Bagatella and Jimmy Pellizzari. They all look forward to this reunion, and as seen on this photograph, they all seem to be having a wonderful time in the Elettra Restaurant celebrating their 72nd Birthday. The participants always manage to keep on looking the same in spite of the years, they enjoy their time surrounded by their family and their friends.
